The road ends in 300 yards at a "Tee" intersection with Route 40. Make a right on Route 40 and immediately in 100 yards make a left onto "North Orleans Road." Look at your trip odometer. You will be travelling exactly 3.0 miles on this road.

As you cross into Pennsylvania the road becomes marked as Route 26. As you near the 3-mile point the road will become marked as Route 484. In rapid succession you will bear right past the intersection with Route 26, pass a red metal barn on your left, cross Sidling Hill Creek on a large concrete bridge. Immediately after the bridge you will see our LARGE road sign, make an immediate left onto Silver Mills Road. 500 yards down Silver Mills make your first left onto our dirt road, marked with our sign. Continue straight past our neighbors driveways and up an incline and this becomes our graveled driveway. Park in our parking area and register in the ground floor of the old farmhouse.
